Week 6 - [redacted] – Google Sketchup Assignment for the week

[redacted]

Reading Assignments:

The Sketchup Artists website has some good tutorials on getting a quality image from Sketchup.

http://www.sketchupartists.org/presentations/techniques/

Optional viewing:

A woodworking resource that uses Sketchup to illustrate their designs. (Some great tips.)

http://www.finewoodworking.com/blog/design-click-build

Video Lessons and Assignment: (wmv files – will play with VLC or Windows Media Player)

1) Using the given tree.jpg and armstrong.jpg, make faceme components for the Park Bridge, you made in Week 5. (I have provided a Park Bridge.skp file in the folder or use your own model.)

- How to make faceme components in Sketchup.wmv

2) Use scenes and your faceme components to make a small video of your Park Bridge. (or any project you want.)

- How to use scenes in Sketchup.wmv
